West Warwickshire Centre Caravan Club

Newsletter

January 2017

Wishing you and your families a very Happy, Healthy and Prosperous New Year and hope to see you all on a rally in 2017.

Unfortunately, we had great sadness during December, when we heard of the deaths of three past members of the centre who gave many years of service.

First Geoff Canning who had been a member of the Centre Committee. He rallied for many years with his wife Val and their two boys. If the Centre, or any one else, wanted anything, ask Geoff and he knew where to go and the article would appear. Our Chairman, 3 past chairman, 1 past vice-chairman with other members of the centre attended the funeral. Our condolences and thoughts are with Val and her sons.

Two days later Roy and I attended the funeral of Peggy Webb who with her husband rallied with the Centre. Peggy and Bob had a small farm at Middleton and the centre had many rallies there. They always took their van into the field and joined the rally as members not going into the farm but sleeping in the van. Peggy and Bob were invaluable when the centre were involved in running a ITS A KNOCKOUT rally they made and stored most of the equipment used. Our condolences and thoughts are with Bob.

Reg Webb passed away after a short illness. Roy and I first met Reg, Ann and the family on a rally in 1969. We both had two small children. He joined the committee in 1970 and served for many years. During his term he was, Rally Secretary, Centre Secretary, Treasurer and two periods of Chairman. He was also Treasurer of Centre Region. The funeral was well represented by three past chairman and other members of the centre. Our condolences and thoughts are with Ann, Andrew, Kate and all the family.

Although Geoff, Peggy and Reg, had not caravanned or been members of the Centre for some years their contribution to the centre we love had been great and we must thank them.
